- At least 512M physical RAM.
- 1G Hz Intel processor or above CPU.
- 1024\*768 resolution display or higher Monitor.

# PURCHASE & REGISTRATION

## Purchase Mac Version of Sidify Tidal Music Converter

Quick Link: To buy a license key for the Mac version of Sidify Tidal Music Converter, click [Here](#).

### 1. Why should I buy Mac version of Sidify Tidal Music Converter?

Sidify Tidal Music Converter Mac version is a shareware, and the trial version limits users to convert 3 songs each time, and keep the first 3 minutes for each audio for sample testing. After purchasing the program, you will be provided a license with your registration e-mail and key code which will unlock the trial version limitation.

### 2. What benefits do I have after registration?

- You can **convert Tidal songs without time limitation**.
- You can enjoy lifetime FREE upgrades to the latest versions of the same product.
- You can enjoy FREE technical supports.

## Register Mac Version of Sidify Tidal Music Converter

Step 1: Run Sidify Tidal Music Converter. You can directly click the “🔑” icon to open the registration window below and complete the registration process by filling in your registration e-mail address and key code.

Please enter the registration information to upgrade trial version to registered version.

Step 2: After you finish the registration, the limitation of the trial version will be removed.

### Note:

Make sure both the e-mail address and key code are the same as what we provide in the confirmation email you receive after purchasing the program. Otherwise, an error message will pop up as below:

## INSTALLATION & INTERFACE

- [Installation](#)
- [Main Interface](#)
- [Menu](#)

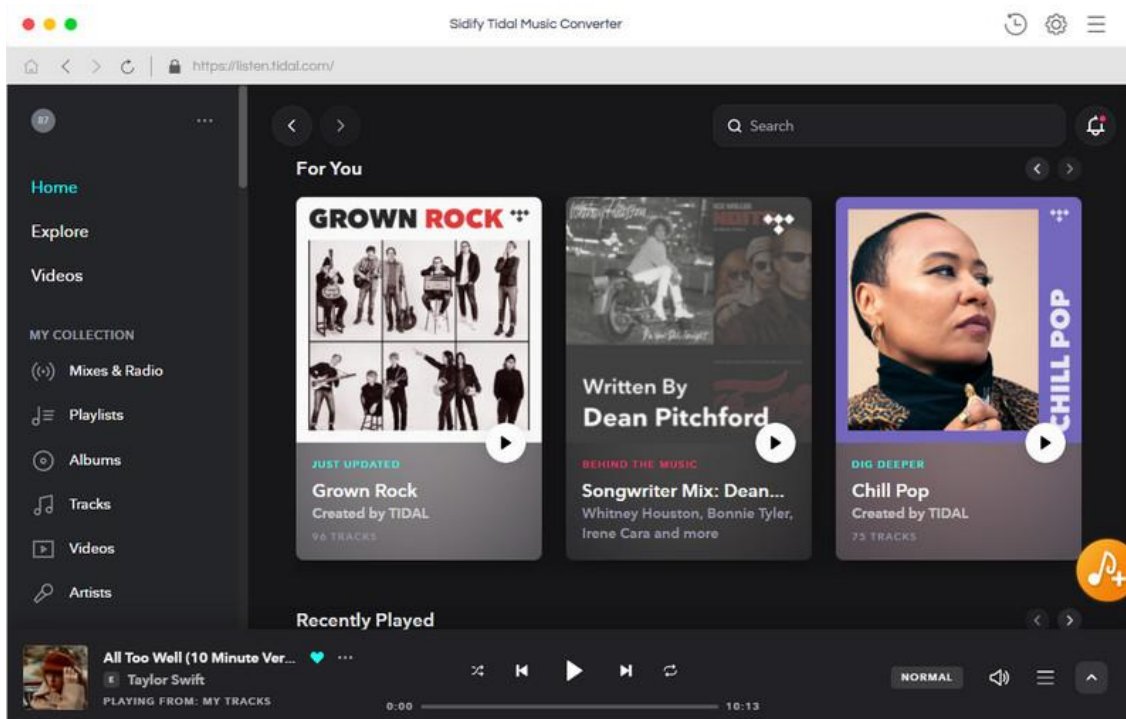

### Installation

To install this product, please follow the steps below:

1. Download Sidify Tidal Music Converter Mac version from [Download page](#).
2. Double click the installation file **sidify-tidal-music-converter.dmg** to start installing the program on your computer.
3. Follow the instruction to finish the installation.

### Main Interface

After you launch Sidify Tidal Music Converter Mac version, you will see the main interface as below:

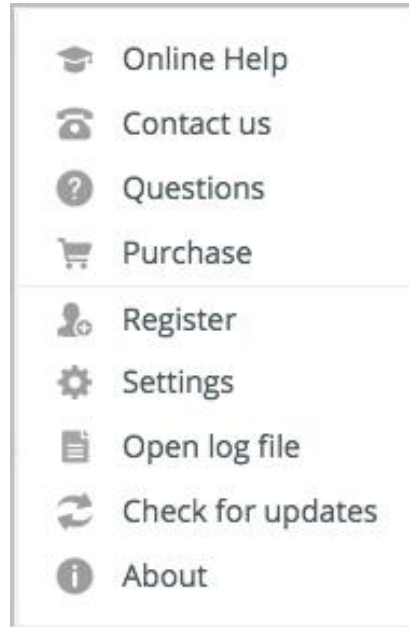

## Tutorial of Sidify Tidal Music Converter (Mac)

---

### Menu

When clicking the menu button ☰ , you will see the menu list like this:

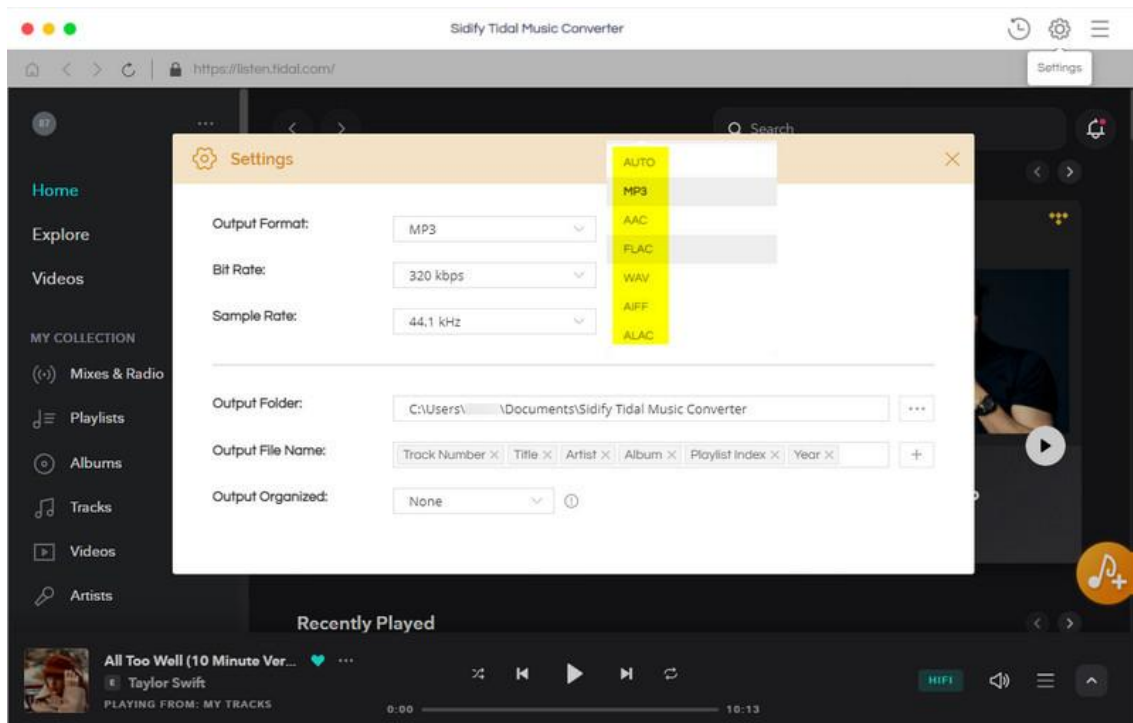

## TUTORIALS

- [Adjust Output Settings](#)
- [Import Tidal Music](#)
- [Convert Tidal Music](#)
- [Converted Tidal Music](#)

### Adjust Output Settings

Click the  button, a window will pop-up, allowing you to set **output format** (MP3, AAC, FLAC, WAV, AIFF, ALAC), bit rate (320kbps, 256kbps, 192kbps, 128kbps), and sample rate. On the lower section of the setting window, you can change the **output path** if needed, as well as specify output folders organized by Artist, Album, Artist/ Album, Album/ Artist or None.

### Import Tidal Music

Step 1: Open an album, artist or playlist on Tidal, then tap the orange "Add to list" button on the right side. Select the songs that you'd like to convert. And click on the "Convert Now"" button to start converting the Tidal Music to the output format you selected.

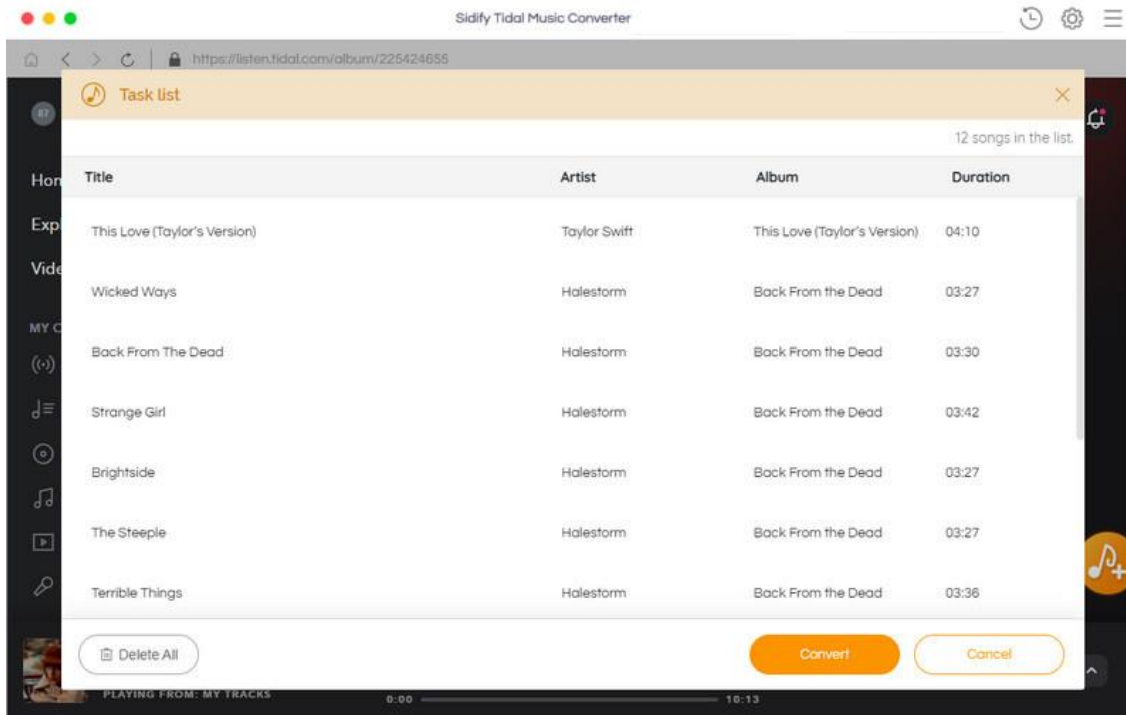

## Tutorial of Sidify Tidal Music Converter (Mac)

If you want more playlists to convert at one time, you can tap on "Save to list" after you selected the songs in the current playlist. The selected songs will enter a wait state for conversion. You then turn back to another playlist. Go with similar clicks to choose the songs you want. And finally, open the waiting list at the top right corner and tap the "Convert" button to proceed.
